WHY USE ENVISIONCOMPOUNDING?

Many times, patients have trouble swallowing pills or have allergies that require an alternative formulation like a cream or liquid. At EnvisionCompounding our specially trained pharmacists create highly personalized medications to help meet patients' unique needs.

WHAT TYPES OF COMPOUNDS CAN WE CREATE?

Our compounding pharmacists can make formulations that are:

- Allergen-free
- A combination of medications in a single dose
- Custom dosages
- Not commercially available

We can also flavor medications to improve taste, and provide a variety of forms including:

- Capsules
- Tablets
- Troches (dissolvable lozenges)
- Creams
- Ointments
- Gels
- Lotions
- Lip Balms
- Powders
- Pastes
- Suspensions
- Solutions
- Drops (under tongue)
- Lollipops
- Gummies

HOW DO I FILL MY PRESCRIPTION?

To fill your compounding prescriptions, you will need to set up an account with us. You can either:

- Speak to a customer service representative
- Email: compound@envisionpharmacies.com

Once your account is set up, send your original prescriptions to EnvisionCompounding, or have your prescriber fax or e-prescribe them. We can also transfer your prescription from another compounding pharmacy with a simple phone call.

HOW DO I ORDER REFILLS?

To order refills, you can call EnvisionCompounding directly. We ship all compounds via standard or ground shipping, but rush delivery may be available. Please order refills eight business days in advance for your order to arrive to you in time.

WHAT ARE COMPOUNDED MEDICATIONS?

Compounding is the practice of mixing pharmaceutical ingredients to create a unique medication that fits an individual patient's needs.
